The report highlighted points of particular interest. KABA received the highest opinion of their operations that it is possible to receive from an auditor. Mr. Alwine advised the Board that KABA would be implementing a new procedure for taking in cash payments, whereby each Coordinator will operate out of their own individual locked cash bags rather than having one cash drawer that is used by all three employees. The cash bags will be counted down twice weekly by each Coordinator and will be randomly checked on a weekly basis by the Building Official. This procedure will go into effect on Monday, July 17, 2017.
